## PROFESSIONAL OVERVIEW

I am a B.Tech Computer Science student who loves exploring new technology and improving my skills. I enjoy learning, solving problems, and working with others. Currently, I am actively building my knowledge in Python, DSA and developing expertise in AI tools. I believe in consistent hard work and learning from experience. My goal is to grow both technically and personally while preparing for a successful future in the tech industry and beyond.

Eager to contribute to real-world projects and grow into a well-rounded software developer through hands-on experience and collaboration.

## EDUCATION

Bachelor of Technology (B.Tech) in Computer Science and Engineering  
Mahatma Gandhi Institute of Technology (MGIT), Hyderabad  
2024 – Present

## SKILLS

Python Programming (Intermediate) C Language (Intermediate)

Front Web Development

AI Prompt Engineering (**ChatGPT**)

Strong Research Interest

Team Collaboration & Communication

## LEADERSHIP

Organizer - Hacksavvy-25 National Level Hackathon  
Mahatma Gandhi Institute of Technology, Hyderabad | 2025

- Successfully organized **Hacksavvy-25**, a national-level hackathon hosted at MGIT.
- Personally secured **2 high-value sponsors** (Gold & Emerald), contributing to a total of **3 sponsors** with my team.
- Took charge of event logistics, promotions, and end-to-end coordination.
